Eurasian Journal of
Anesthesiology & Intensive Care
Editorial

Dear Colleagues,

We are pleased to announce the release of the first issue of The Eurasian Journal of Anesthesiology and Intensive Care (EAJAIC), under the auspices of Medihealth Academy, in February 2024.

We extend our gratitude to all researchers, referees, and members of the editorial board who contributed to the preparation of the journal. Additionally, we express our thanks to the printing team for their efforts in bringing it to publication.

With the launch of this journal, we aim to make innovative, up-to-date, and valuable contributions to the literature in the field of Anesthesiology and Intensive Care. In our first issue, we are delighted to present three original research articles, one review article, and one case report.

Moving forward, with your support, our goal is to have EAJAIC recognized in national and international scientific indexes. I would like to express my sincere gratitude for all the support and interest you have shown.

Best Regards,

Assoc. Prof. Dr. Musa ZENGİN
Editor in Chief
